

Macmillan English 6 Unit 11 worksheet

Student name: _____

Total mark: _____

Total ___ /20

1 Circle the correct modal verbs. Write the modal verbs.

The Ganges River Dolphin.

A recent survey found fewer than 2,000 Ganges River Dolphins in India, so we can/must work hard to protect this species.

The Ganges River Dolphin lives in fresh water. It has got a long, thin nose and large flippers. It (1) can/must live for about 26 years. The Ganges River Dolphin (2) has to/should swim near the bottom of the river where it (3) has to/can find small fish and crabs in the mud. It (4) can/can't breathe under water, so it (5) can/must swim to the surface every one to two minutes.

We (6) can/can't do lots of things to protect the Ganges River Dolphin. It prefers deep water so we (7) should/can stop taking large amounts of river water for farming. We (8) must/mustn't stop fishermen using nets which trap dolphins and we (9) have to/has to stop building dams. They separate families of dolphins.

The Ganges River Dolphin (10) can/ can't see so it uses sounds to find its food and to move around. As a result, we (11) can/should reduce noise pollution in the river so that the dolphins (12) can/should find food.

Example: must

1 _____

2 _____

3 _____

4 _____

5 _____

6 _____

7 _____

8 _____

9 _____

10 _____

11 _____

12 _____

2 Complete the table. Write the ory words.

Example: Horrific and bloody.							g	o	r	y
Praise for doing something wonderful.								o	r	y
A narrative to amuse or inform.								o	r	y
The ability to remember events and experiences.								o	r	y
