Unit 10 worksheet

Teaching notes

Skills and language practised

| | Skill | Language |
|------------------|--------------------|--|
| Activity 1 and 2 | Working with words | opposite meanings of adjectives |
| Activity 3 and 4 | Sentence building | adverbs of manner ending <i>ly</i> e.g. slowly |

Follow-up activity

Play *Snap!* Put the children in pairs and give each pair 12 small pieces of paper. Have the children write the following adjectives on each piece of paper: *worse, cheap, last, poor, same, different, easy, expensive, better, first, difficult, rich*. Then they shuffle the pieces of paper and divide them equally between themselves. Each child puts down one piece of paper at a time in two separate piles. If they see a pair of opposite adjectives, the first child to say *Snap!* wins a point. The pair put these pieces of paper to the side and continue playing. The child with the most points at the end wins.
