Phonics practice activity

Ask the children to repeat: *Today is Saturday – I can play! Let's stay out all day – hooray!*

Follow-up activity

Write on the board: *help, talk, play, walk, brush, phone, watch* and *climb*. Elicit the past tense of the verbs and write them on the board. Write three sentences on the board about your weekend: e.g. *At the weekend, I helped a friend. I walked to the shops. I watched TV.* After each sentence, ask the children: *And you?* Encourage them to say: *Me too!*

Ask the children to write three sentences in their notebooks about their weekend, using the verbs on the board. Give the children two or three minutes to mingle with their friends and read their sentences to each other. The objective is to find someone with three verbs the same. After they have finished mingling, ask if anyone found someone with three verbs the same, and ask them to read out their sentences.
