Phonics practice activity

Ask the children to repeat: *My plane is black, my lower is blue, my plate is red – what about you?*

Follow-up activity

Play a memory game with the children. Tell them to look around the classroom for 30 seconds and try to memorise everything. Then they close their eyes and respond Yes! or No! to something you say about the contents of the room: e.g. *There are two windows.* After a few examples, the children continue the game in pairs.
